DEKTON®

New Additions

*Cosentino presents the new
Dekton colors proposal
for 2020*

*From the
most daring
textures
to everyday
needs.*

DEKTON® NEW ADDITIONS

Discover textures of a great chromatic richness that increase the possibilities of the most cutting-edge projects. Helena, Khalo and Laurent form an ideal combination for the creation of luxury spaces where design takes centre stage.

Aeris, Eter and Rem are more traditional colors that adapt to all types of projects.

Boasting monochrome tradition with subtle veining and details that combine versatility with undeniable style.

NEW

Helena

Helena is a color that offers great richness with the perfect balance of grey and white tones and delicate distress. In this way, the depth of onyx – the natural stone that inspired this piece – can shine through. The ideal color for luxury spaces, its design is appreciated by designers and architects alike thanks to its beauty and lustre.

Laurent

Inspired by the natural Port Laurent stone, we've crafted a unique color that stands out due to its complex beauty. Its texture brings into play shades and tones that enhance one another by contrast. The gold grain predominates the surface and lends warmth to a cold background of dark tones, ideal for the most luxury spaces.

DEKTON® SLIM

designed by COSENTINO

**The thinnest X-Gloss surface.
The widest possibilities.**

Dekton X-Gloss is the most ultra-thin surface on the market. Simply revolutionary.

NEW

X-Gloss Finish

Introducing Dekton X-Gloss Slim: A large format surface with an ultra-thin 4-mm thickness that offers unlimited design options.

Its lightness and reduced thickness make it the most durable, high-performance surface for bathroom and kitchen cladding, as well as for all types of furniture (doors, drawers, etc.)

Dekton X-Gloss

It is highly resistant to stubborn stains, thanks to our X-Gloss nanotechnology that is unique to the market, and also boasts water-repellent properties.

Mirror Effect

Cosentino's vast experience and expertise in treating and polishing natural stone over generations has enabled us to create a completely smooth surface with an almost entirely clear reflection.

Damp-proof Surface

Dekton Slim with our X-Gloss finish is the thinnest and most lightweight polished material available on the market. It boasts highly technical features making it very resistant, yet also lightweight, very easy to handle and install, and perfect for both inside and outside spaces.

Slim Thickness **Huge Format & Performance**

Korso - STONIKA

What is Dekton®?

Dekton® is a sophisticated mixture of more than 20 minerals extracted from nature. Its production process is the result of years of learning and inspiration to make glass, latest-generation porcelain tiles and quartz surfaces.

Dekton® uses in its manufacturing the exclusive TSP technology, able to sinter mineral particles making them bond with each other, change and compact their internal structure. A unique and innovative technological process that represents an accelerated version of the metamorphic changes that natural stone undergoes when exposed for millennia to high pressure and high temperature.

Dekton® emulates in a few hours what takes nature thousands of years, through an exclusive technological process.

The electron microscopy allows the reduced porosity of the material, due to the sintering process and exclusive ultra-compaction of Dekton®. It's virtual zero porosity and the non-existence of the microflaws that cause tension and weaknesses set Dekton apart from other materials.

Dekton® features

Large Format

Thanks to the size (up to 3200x1440mm)* and the lightness of Dekton® (from 4 mm thick), the design possibilities for your kitchen, bathroom, façade, walls or high transit floors are growing exponentially.

Slab Format

up to 3200x1440mm

Available thicknesses

4, 8, 12, 20 and 30 mm

It resists everything

Extremely resistant to scratching, virtually zero porosity and highly resistant to aggressive chemical products used in kitchens and bathrooms.

Relentless in heat

Extreme resistance to high temperatures, cookware fresh off the hotplate and UV rays.

Unlimited inspiration

Design your modern kitchen with eye-catching colors and unique textures. Large format for new compositional solutions.

A worktop to be enjoyed

Easy maintenance, no traces of fingerprints or marks and maximum durability. Your Dekton worktop is guaranteed for 25 years.

Kreta - INDUSTRIAL Collection

* 4mm thickness only suitable for cladding

* Check availability of 3cm thickness.

Dekton® Advantages

Highly UV Resistant

Scratch Resistant

Resistant to Stains

Maximum Resistance to Fire and Heat

Resistant to Abrasion

Resistance to Freezing and Thawing

Superior Mechanical Resistance

Low Water Absorption

Dimensional Stability

Fireproof Material

High Resistance to Hydrolysis

Dekton® XGloss Advantages

Crystalline Shine

Water Repellent

Kitchen worktops

Dekton® is a long-term product for those looking to turn their kitchen into a unique space. Firstly, because it allows you to have installation in one piece with fewer cuts and joints, no limits just the appeal of a completely uniform surface, which fits seamlessly into very different design styles.

Sogne - STONIKA

Portum - NATURAL Collection

Dekton® combines the qualities desired by the chef in all of us. It is a clean surface that is nice to touch and resistant to the daily grind that takes place in a kitchen over years of use. An ultra-sophisticated material for busy everyday life, capable of creating spaces that make the preparing of food, day after day, a pleasant experience that precedes the pleasure of sharing a meal with friends or family.

It represents beauty and solidity with easy, fuss-free cleaning. The structural density of Dekton® is a breakthrough in engineering, but what really matters is that we do not have to worry about scratches, stains or traces of heat. A simple wipe with a cloth is enough, because the kitchen should be enjoyed with no restrictions, this is the Dekton® way of thinking.

Halo - XGLOSS Solid

Bathroom wall coverings and worktops

**Minimum maintenance.
Great beauty and resistance.**

The bathroom is the space in the home, where hygiene and harmony need to express themselves in the best possible way. A peaceful environment devoted to personal care and hygiene - a space to relax and unwind free of any worries.

Dekton®, thanks to its low porosity, is completely waterproof against liquids. Water glides smoothly over the surface without ever penetrating. This, along with unchanging beauty, results in extremely easy cleaning.

Their textures and colors are an endless source of inspiration for the design of water-related areas, we're talking about Dekton®, its possibilities are endless.

Natura 18 - XGLOSS Natural

DEKTON® SLIM

designed by COSENTINO

Bathroom coating Dekton Slim 4mm

**Maximum resistance against humidity
with the minimum number of joints**

Dekton® Slim is the ultra resistant to moisture and stains ideal for bathrooms. A high performance product that requires no maintenance other than a simple wet cloth.

Its large format of up to 3200 x 1440 mm covers large surfaces avoiding the maximum number of joints and therefore, dirt.

Outdoor kitchen covering

Cook with the sky as a roof

Cooking is definitely a pleasurable experience and doing it outdoors, usually results in a small social event. Everyday celebrations that we can enjoy with company around a grill. Dekton®, due to its ultra-compact structure, is particularly suitable for installations for outdoor kitchens and barbecues..

Dekton® provides strength and style to these spaces, it gives them an undeniable personality and unlimited practicality. Stains, bumps, utensils at high temperature... Dekton® will resist the demanding use over time while maintaining its unchanging beauty

It is not affected by ice, sun, sleet, or wind either. When bad weather arrives, Dekton® simply needs an effortless, fuss-free cleaning so that it can showcase its best again.

Dekton® Warranty

Dekton® is the only brand that offers a certified warranty. Only a global leader, due to the company's position as the largest producer of quartz surfaces could once again draw ahead of the pack and offer a real 25-year warranty for Dekton®.

Dekton® presents its 25-year warranty. A guarantee to give consumers more confidence. Once again Dekton® proceeds to innovate. The guarantee of the leader. We shall now indicate the steps to follow and the requisites for fulfilment of the Dekton® warranty.

Warranty terms and conditions:

25-year Warranty for Dekton® products installed by a workshop or stonemason:

1. For the warranty to take effect, the user must produce proof of purchase.
2. The warranty does not cover defects deriving from manufacturing or installing the product, as such operations are not performed by Cosentino.

Certificates

Dekton® is internationally certified to ensure maximum safety and protection.

NSF

Certification that substantiates that the product is safe for the health in hygienic terms.

Greenguard

Certification that substantiates the low emissions of chemical compounds.

ETE

Dekton® by Cosentino has been assessed by the ITeC (Instituto de Tecnología de la Construcción de Cataluña) as a product for ventilated façades.

ISO 14001

Accredits the efficiency in the use of water systems and the control of environmental risks.
